

REMARKS

The claims and specification have been amended for clarity and to correction translation discrepancies. No new matter is in the substitute specification.

The missing translation of the application into English before entry of Annexes is provided herewith. The previous substitute specifications correctly represents changes from the translation provided. The new claim set replaces the previous claim set of the preliminary amendment in order to reflect changes from the original claims rather than the amended claims of the Annex.

Applicants respectfully submit that all of the pending claims are in condition for allowance and seeks early allowance thereof. If for any reason, the Examiner is unable to allow the application in the next Office Action and believes that an interview would be helpful to resolve any remaining issues, he is respectfully requested to contact the undersigned attorneys at (312) 321-4200.

Respectfully submitted,
